

The Klesyen Institute for Advanced Medicine (KIAM) 3T MRI Centre: is located at 720 William Avenue (i.e., on the south side), directly between the HSC and Canad Inns entrances. Unless otherwise noted, one of our study members will meet you in the Canad Inns lobby. If you will be driving to your study, limited street parking is available near the HSC, and there is also a large parking garage on the north side of William Avenue, which is right across the street.
